*Thanks for a truly excellent dinner and leaving the kitchen spotless and organised, which it has never experienced.*

*High quality, efficient and courteous service. A very enjoyable dinner. Many thanks*

*I think the duck would have benefited from an accompaniment of potatoes to counteract the richness of the sauce but it was still delicious.*

*Everything was way beyond our expectations. It was fantastic. Some portions were too big for the younger ones. Can we also have more time between courses. I don't appear to digest food as quickly as I did and felt like sleeping for a week immediately afterwards! Will come back to you very soon. It was wonderful. Thank you so much. Please email the soup recipe.*

*In future please advise us that our eyes are bigger than our bellies and suggest we have a lighter starter. Delicious.*

*We all really enjoyed the food and the night. Well done to you both. Would have Julia helping in my kitchen any day.*

*Thank you for a great night on Monday. The food was superb and empty plates speak for themselves.*

*I think lamb should have had mint. Butter should have been lurpack. Please ask guests how meat preferred. A good night had by all. Went to bed at 3am*
